INFORMATION DISCLOSURE STATEMENT

SIR:

This Information Disclosure Statement is being filed pursuant to the duty of disclosure, candor, and good faith embodied in 37 C.F.R. §§ 1.56 and 1.97 owed by the inventor, the inventor's assignee substantively involved in the application, and the patent attorney to the United States Patent and Trademark Office.

I. COMMENT ON FOUND ART

Since filing the application, it was observed that in using Internet services of Federal Express to send a package to another country, a way bill for international shipping is

prepared, as is a customs form, which includes a description of what is in the package being shipped. The data representing the way bill and customs forms is conveyed to a shipper for printing to enable the shipment. The undersigned does not have evidence that the foregoing was prior art, but such seems sufficiently possible that the undersigned considers it worthy of making the possibility of record.

While the Information Disclosure Statement and information provided hereby may be "material" pursuant to 37 C.F.R. §§ 1.56, it is not intended that these constitute an admission of "prior art" for this invention unless expressly designated as such. This Information Disclosure Statement shall not be construed to mean that no other material information, as defined in 37 C.F.R. §§ 1.56, exists.

II. **FEE**

The present Information Disclosure statement is being filed prior to the receipt of a first Official Action reflecting an examination on the merits and hence is believed to be timely in accordance with 37 C.F.R. § 1.97(b). Accordingly, no fees are believed to be due in connection with the filing of this Information Disclosure Statement. However, should any fees be deemed necessary (except payment of the issue fee), the Commissioner is authorized to charge any deficiency or to credit any over payment to Deposit Account No. 50-0235.

III. **SIGNATURE**

The patent attorney signs below based on information from the inventor's and the attorney's file.

Respectfully submitted,
